PRO GRADE HEAVY WEIGHT 12 mil.

This heavy weight 12 mil. inkjet paper is outstanding for posters and other large prints where handling is difficult. The extra weight prevents kinking on wide format printers, eliminating waste and improving productivity. Instant dry, water resistant and the highest white point on the market today makes this inkjet paper the Pro's Choice.

ULTRAFINE FIBERGLOSS 9MIL HI-GLOSS

This Premium Inkjet Coated FB Paper brings the darkroom back to inkjet printing. Fiber Gloss has incredible tonal range and color value output characteristics and will minimize the difference between your monitor's image and the your final printed image, reproducing more open values, detail and subtleties of tones at all density levels especially in the higher density zones of the image. Fiber Gloss delivers a richness of color and density that will amaze your senses. Because it emulates the old Baryta Fiber Base Characteristics, it also lends itself to Black-and-White Inkjet output as well.
